Washington, D. C., April 7.—History s being made. In the words of the immortal Rev. John Jasper of Virginia; "The Sun Do Move. If you think it "do not," turn your eyes in direction of Washington.

President Harding started the ball rolling by putting humaneness into humanity. The sweet refrain has been taken up by the members of the cabinet, and it is now being echoed on Capitol Hill. The latest solo in the grand chorus comes fromone other than the powerful and mighty Sonator Boles Penrose of Pennsylvania, who has startled the nation in a who has startled the nation in the powerful and mighty Sonator Boles Penrose of Pennsylvania, who has startled the nation in a startled the nation in a startled the half of the promiser. Cablnet Rell Call.

In the expansion of this idea, it is most interesting to have intimate and unquestioned knowledge of how the President's official family stands on the subject. The Associated Negro Press is in oposition to state authoritatively that every member of the new cabinet can be depended upon to deal squarely with all American citizens. There is no disposition to sidestep any of the issues that now confront the people. The Issues of Race adjustment are being met, and will continued to be met with frankness never before equalled.
